SUBJECT: Recreational Interests Survey, Survey Control Number SCN AF14-134SVKS

1. The Air Force Personnel Center Services Directorate is conducting an important survey to understand the recreational interests of the Air Force community. Results will help the Air Force prioritize current recreational activities offered and help validate and identify future program efforts.
2. The selected recipients will receive the survey link in an email invitation. The survey is anonymous and is being distributed by the Air Force Survey Office. We ask your help in raising awareness of this survey at your installation. Your FSS leadership will receive a standard briefing and smart card to assist in this effort.
3. The survey will be sent to a random sample of approximately 50,000 Airmen by geographic region. While not everyone will receive a link, we want to ensure those who receive the survey are aware of the survey's purpose and are encouraged to complete the survey.
4. Our POC for this effort is Ms. Carol Arnold, Marketing Research Specialist, AFPC/SVKS who can be reached at 210-395-7505 or carol.arnold@us.af.mil.
